

A crown of glory—is a beautiful head of hair. An Australian lady now in London writes under date Jan. 28, 1907:

"Ayer's Hair Vigor has done my hair a world of good. Thanks to it, my hair is now thick, glossy, and soft, and when plaited is 65 inches long. Ayer's Hair Vigor ought to be used by every woman who takes pride in her appearance."

You also may have such a crown of glory if you will follow the example of this lady and use

Ayer's Hair Vigor

It will remove all dandruff and make your hair rich and abundant.

the armament of temporary or other works thrown up in case of emergency. Their weight and range make them available at distances where light artillery would be useless. Were they moved for service in the field, they would probably be manned by gunners of the Coast Artillery corps.

Big Guns Almost Ready.

No further additions to the Coast Artillery force now on hand are expected, at least for the present, although one of the big 12-inch guns which arrived several months ago for the Pearl Harbor entrance fortifications may be mounted in a short time. The Engineer Department has been working steadily and quietly on these fortifications and both gun carriages are being placed. The guns will have to be manned by detachments separate from those garrisoning Fort Ruger. When it was announced some months ago that Major Cree had been assigned to the command of the Artillery District of Honolulu the Washington dispatch making the statement also gave information that 1000 artillerymen would be sent here to man the big guns. After October 1 orders may be given to prepare a large detachment of artillery to work the Pearl Harbor guns, although no preparations have yet been started to build quarters for a garrison.

One Emplacement Finished.

At Fort De Russy, Waikiki, one emplacement is already ready for mounting one of the coast defense guns. Just where these two big guns are being manufactured is not known locally, and no information is on hand as to when they may be expected here.

Work is being pressed on the foundations for mounting two guns at De Russy.

WAS GAINES ON THE ICEBERG?

(Continued from Page One.)

them ceased in its downward roll, just as the part on which they were standing reached the water's edge, having found a new balance. The men hastily made their way ashore and further operations were ceased, no one caring to venture on the berg again.

A new means of getting rid of the unwelcome visitor was then decided on, and last evening the berg was taken in tow by the Mackay-Bennett and brought away to sea. What its ultimate fate will be the Commercial Company care not providing it does not make a reappearance at Cockfield's Cove. The towing of an iceberg to sea from a dangerous position by a large steamer is something new in annals of the unwelcome visitors from the north.

CHAMBERLAIN'S COUGH REMEDY

This is a medicine of great worth and merit. Try it when you have a cough or cold and you are certain to be pleased with the quick relief which it affords. It is pleasant to take and is always depended upon. For sale by all dealers, Boston, Smith & Co., Ltd., agents for Hawaii.

PLATT MAKES A PROMISE

"Within six or seven months the automatic telephone system will be in readiness for public service," said C. P. Platt, the automatic telephone man, as he boarded the Manchuria yesterday.

"As soon as I return to the mainland I will assemble the new system and forward it here as soon as possible. We are quite busy installing the automatic in other cities, but we intend to rush the installation here. We will exchange for the automatic, phone for phone, throughout the city, except in the Territorial exchange."

"It will take about four months to get the new telephone exchange building in readiness. This will be a two-story structure on Adams lane and it will be fire-proof."

The Automatic Company will take over all the present manual system phones as part payment for the new system.

FURTHER PLANS FOR VISITORS

The Central Committee on the entertainment of the Congressmen had another meeting in the office of Governor Frear yesterday afternoon, Chairman Kuhio presiding, and discussed at length the visit of the Washington delegation and made further arrangements for their comfort and enjoyment while they are in Hawaii.

H. P. Baldwin and Editor Coke of the Maui News were present to represent their island, and on their recommendation some minor changes were made in the program for Maui. The steamer will reach Hana at six o'clock Sunday morning, where those of the guests who wish to take the long horse-back trip of sixty miles along the Koolau dike trail to Makawao will be landed. The steamer will then proceed with the rest of the party to Kahului. The steamer will leave Lahaina at ten o'clock Monday night for Honolulu. Meantime, the guests are supposed to make the trip to the top of Haleakala, be entertained at Puuene, make a side trip to the Iao valley, and have a good time generally. Mr. Baldwin and Mr. Coke promise that nothing will be left undone that will contribute to the pleasure and comfort of the party.

It was decided, on suggestion of Cupid, that the party that is to make the Hamakua trip is to be landed at Mahukona at 12:30 o'clock in the morning, while the rest of the party will go on to Kona, leaving Kailua at nine o'clock in the morning and going straight to Hilo.

The question of the entertainment of the visitors in the homes of Honolulu came up again, and the showing made does not speak well for the famous hospitality of the residents of this city. It appears that not a single invitation has been received by the committee, except one from Mr. Lewis asking that Representative Bates be his guest— and Representative Bates is not coming. On motion of Secretary Mott-Smith the matter was referred to the entertainment committee, to make a personal canvas.

On motion of Secretary Mott-Smith the transportation committee was given jurisdiction of all interisland transportation of the visitors.

A letter was received from the Kauai committee asking that \$500 be set aside for them. The committee was unable to see what Kauai needed with that amount, and on motion of W. O. Smith it was cut to \$300.

Chairman Kuhio announced that he had appointed W. F. Dillingham as chairman of the entertainment committee, with G. J. Waller and John C. Lane as the other members, and T. L. Petrie, J. M. Dowsett and H. F. Wichman as the committee on transportation, with Mr. Petrie as chairman. The reception committee is to consist of the executive committee and such other members as they shall wish to add.

The matter of having an official photographer was brought up by Secretary Mott-Smith, who stated that it was the idea to have R. K. Bonine accompany the party in that capacity, at no expense except his transportation. He said that the booklet written by R. O. Matheson and Mr. Lowrie, describing the previous Congressional trip to Hawaii, had proved of much value, and many copies had been used by the Promotion Committee and in other ways. But great difficulty was experienced in getting photographs for it. This difficulty would be obviated by having Mr. Bonine accompany the party as photographer.

W. O. Smith thought the matter of expense should be considered—in this case—and he objected to anything being done. Finally, on motion of Secretary Mott-Smith, the matter was left to the chairman to ascertain the cost of taking a photographer.

AFTER TAXES FROM FEDERAL EMPLOYEES

The matter of getting Federal employees to pay their personal taxes is one that has been bothering the Territorial authorities for a long time, and Attorney General Hemenway has just taken steps looking toward the collection of these taxes. The Federal jobholders have always contended that they were not liable for personal taxes. Mr. Hemenway, however, holds the contrary opinion. Recently he sent out letters to Postmaster Pratt, Collector of the Post Office and Immigration Inspector Brown, urging them to take steps to have their subordinates pay up, stating that a personal tax is a debt and as such should be paid.

The replies of the three gentlemen have been received. Postmaster Pratt wrote that he had posted the Attorney General's letter conspicuously in the postoffice; Collector Stackable replied that he had referred the letter of the Attorney General to the Secretary of the Interior; Raymond C. Brown wrote stating that he had instructed his subordinates to pay their debts to the Territory.

Uncle Sam is very strict about his employees paying their debts, so if it be held by the Federal authorities that a personal tax is a debt, there is but one thing for the United States servants to do—pay up.

WATCHED AT STEAMER FOR MAN UNDER BONDS

Police officers were aboard the Manchuria yesterday for a couple of hours before its departure on the lookout for a man recently convicted and out on bonds whom they believed was trying to make a getaway.

The police had been informed that the man had taken a trunk and dress suit case from his home and sent it to a downtown address, and that aroused enough suspicion to cause the department to have officers stationed at the gateway to watch.

When the Manchuria pulled away from the dock, the officers left without having seen the person wanted.

PERSONALS.

(From Saturday's Advertiser.)

T. H. Kearns leaves on the Marama this morning for Australia. F. E. King will also be a passenger. Six hundred and fifty dollars is the value of the estate left by Vincent Gomez, according to the estimate returned into court yesterday by the appraisers.

The Mutual Telephone Company is now in full control of the old Wireless Telegraph Company. One hundred thousand shares of stock in the consolidated concern have been transferred to Wireless stockholders in exchange for their old holdings.

B. P. Schwerin, general manager of the Pacific Mail Steamship Company, and M. H. de Young, proprietor of the San Francisco Chronicle, leave for the Coast today in the Manchuria. In the Schwerin and de Young parties are quite a number of ladies and young people.

Mr. and Mrs. R. Noel Paton, who have made a brief visit in Honolulu this summer, residing at the Moana, depart on the Marama this morning for Australia. The Patons have been visitors in Honolulu, every year, remaining several months each time. Mr. Paton is an enthusiastic golfer on the Country Club links, and will be greatly missed.

R. W. Shingle, president of the Henry Waterhouse Trust Company, leaves today in the Manchuria for San Francisco, accompanied by Mrs. Shingle. Mr. Shingle will meet his mother at San Francisco, she and Mr. Fred Shingle having gone up via Vancouver on the Makura. Mr. Shingle will attend the convention of the American Bankers' Association to be held in Chicago September 13.

(From Sunday's Advertiser.)

H. P. Baldwin is here from Maui. Mrs. Robert Ryeroff has returned from Hawaii.

Albert Horner, manager of Kukaia plantation, is in town.

Mrs. W. H. C. Campbell and sons are in town from Hilo.

Editor Coke of the Maui News came down on the Mauna Kea.

Albert Horner, son of manager of Kukaia plantation, is in town.

John A. Scott, manager of the Hilo Sugar Co., was an arrival by the Mauna Kea.

J. G. Serrano, a business man of Hilo, came over from the big island on the Mauna Kea yesterday.

Colin McLennan, manager of Lanapohoe Sugar Co., accompanied by his wife, are here from Hawaii.

The remains of the late Commander Dougherty, U.S.N., who died at Nagasaki recently, are aboard the Manchuria and will be sent East for burial.

Mr. Morris Rosenbluth leaves on the Manchuria for an extended trip to California, Portland, Seattle, Yellowstone Park, Chicago, Georgia, Florida, West Indies and Mexico to be gone about five months.

Thomas F. McTigue, according to cable advices, arrived in New York on Friday and after a short visit there will move West, dallying at Chicago and San Francisco. It is probable he will journey to Fresno and inquire into the California wine industry before returning to Honolulu. He is due here about the fifteenth of September.

Captain J. E. Elderts, an old resident of Puna, is in town. A few years ago, when long past the eightieth milestone of his life, the captain succumbed to the wiles of the Far Northwest country and left with two of his sons for Edmonton, N. W. T. One cold winter with the mercury below zero and a fire which destroyed the family home, was enough for them, and they returned to the lava beds and sugar cane of Puna.

(From Monday's Advertiser.)

Albert Horner Jr., who came down on the Mauna Kea on Saturday, is the son of the manager of Kukaia plantation. He left by the Manchuria en route to Cornell University.

Mr. and Mrs. Robert W. Shingle departed on the Manchuria yesterday for San Francisco. Mr. Shingle has considerable business to transact in various mainland cities for the Henry Waterhouse Trust Company.

John W. Bergstrom left suddenly on the Manchuria yesterday in response to a cable call from his wife in Oregon notifying him that his little son is seriously ill. Mr. Bergstrom will return to Honolulu as soon as possible.

Ray Jones, chief clerk of the Moana Hotel, left on the Manchuria yesterday on a four months' leave of absence which will be spent in Chicago and Denver and San Francisco. He was given a big sendoff by a crowd of friends.

The Peacock building is now in possession of the First Bank of Hilo, R. W. Shingle, of the Henry Waterhouse Trust Co., having sent a wireless message on Monday to Carl Smith that the Superintendent of Public Works had approved the transfer of the lease of the property to the bank.

On Saturday night at 11:30 o'clock, Miss
